SOLITAIRE VERSION FOR ADVANCED GAME

For solitaire purposes only, revise a center's shooting tendency evaluation to a rating of **** if an asterisk follows his name in above rosters. Also revise to **** (when playing center position only) all players who play forward as well as center unless their normal shooting tendency evaluation is ***** or only an I.

SOLITAIRE VERSION FOR BASIC GAME

To determine if a player has been doubleteamed by the defense, refer to the player's Team Roster and roll two dice. Figure(s) following a player's name are doubleteamed numbers.
