#### SOLITAIRE VERSION FOR BASIC GAME

To determine if a player has been doubleteamed by the defense, refer to the player's Team Roster and roll two dice. Figure(s) following a player's name are doubleteamed numbers.

The following two players have been included in our 1975-76 edition as additional players—Bill Walton and George McGinnis. If you use Walton and McGinnis, they will significantly alter the statistical performances of their respective teams. McGinnis' statistics are based on his 1974 ABA records, and his inclusion in our set is based on a calculated guess regarding his 1975 playing status.
