If BAL appears in the Blocked Section of the X Column, assume all missed shots to be blocked.

STRAT-O-MATIC RULE CHANGES

REPLACEMENT FOUL ASSIGNMENT CHART - Use the chart to the right instead of the one located in the Super-Advanced section of the instruction book. This new chart improves the statistical accuracy of the game.

REPLACEMENT RULE FOR "ADDITIONAL THREE-POINT SHOTS ALLOWED" CHART - Additional three-point shots are allowed as follows (ignore the chart found in the Super-Advanced rules in the instruction book): (1) Anytime a team trails by 10 or more points they may take unlimited three-point shots. (2) In the last 10 minutes of the game if a team is trailing by more points than time left (for example, down by 6 with 5 minutes to go), they may take unlimited three-point shots. (3) In the last two minutes of the game, both teams can take unlimited three-point shots, regardless of the score. Note that the term "unlimited" is still governed by the other rules of the game. In other words, a player must ALWAYS be positioned outside in order to take a three-point shot. Also, when using the solitaire rules to determine if a player should penetrate or shoot outside, you should place higher emphasis on these "unlimited" three-pointers - the player should be able to shoot a three-pointer without rolling to determine if he should penetrate (if the three-point shot is desirable, that is).

THREE-POINT FOUL SHOT ATTEMPTS - When a three-point shot is attempted and X-12 occurs on the dice roll, a foul has been committed. Roll the two white dice again and if a 7 occurs the basket is good (possible 4 point play). If any other number occurs attempt three free throws.
