The number following the player's name is his three-point frequency rating. Please refer to [automatic three-point shots](#) found in the super advanced rules.

\*\* Indicates fastbreaking teams. these teams run the fastbreak offense at almost every opportunity

\* Indicates teams that run a half-court offense. These teams use the fastbreak only about a third of all possible opportunities. All other teams fastbreak about two-thirds of all possible opportunities. All teams will perform realistically when the suggested offense are used accordingly.

If BAL appears in the Blocked Section of the X Column, assume all missed shots to be blocked

#### PLEASE NOTE:

1. When attempting a 3-pt. shot, if the dice roll is listed in 3-pt. replay, follow normal replay rules. Otherwise 3-pt. shooting rules apply.
2. On the players' cards and on the advanced defensive cards the abbreviations O, P, I, F replace outside shot, penetration shot, inside shot and fastbreak shot respectively.
3. That stars replace asterisks under shooting tendency on the players' cards.

*Please be advised that all additional players should be used in secondary roles.*

For optimal accuracy during a season replay, players should be restricted to their real life number of games and minutes played. A great source for actual games and minutes played is <http://www.basketball-reference.com/>

### STRAT-O-MATIC RULE CHANGES

REPLACEMENT FOUL ASSIGNMENT CHART - Use the chart to the right instead of the one located in the Super-Advanced section of the instruction book. This new chart improves the statistical accuracy of the game

REPLACEMENT RULE FOR "ADDITIONAL THREE-POINT SHOTS ALLOWED" CHART - Additional three-point shots are allowed as follows (ignore the chart, found in the Super-Advanced rules in the instruction book): (1) Any time a team trails by ten or more points they may take unlimited three-point shots; (2) In the last ten minutes of the game if a team is trailing by more points than time left (for example, down by six with five minutes to go), they may take unlimited three-point shots, regardless of the score. Note that the term "unlimited" is still governed by the other rules of the game. In other words, a player must ALWAYS be positioned outside in order to take a three-point shot. Also, when using the solitary rules to determine if a player should penetrate or shoot outside, you should place higher emphasis on these "unlimited" three pointer - the player should be able to shoot a three pointer without rolling to determine if he should penetrate (if the three-point shot is desirable, that is)

**THREE-POINT FOUL SHOT ATTEMPTS** - When a three-point shot is attempted and a X-12 occurs on the dice roll, a foul has been committed. Roll the two white dice again and if a seven occurs the basket is good (possible four-point play). If any other number occurs attempt three free throws.
