## 36 ADDITIONAL PLAYERS - EASTERN CONFERENCE

| BOSTON | - Freedom, E. -5 ; Martin, K. -6 |
| :--- | :--- |
| CHARLOTTE | - Richards, N. -0; Thomas, I. -6 |
| CLEVELAND | - Goodwin, B. -5; Rondo, R. -6; Wade, D. -6 |
| INDIANA | - Jackson, I. -6; McConnell, T.J. -4; Sykes, K. -6; Taylor, T. -5 |
| MILWAUKEE | - Carter, J. -6; Ibaka, S. -6 |
| ORLANDO | - Brazdeikis, I. -6; Lopez, R. -5 |
| TORONTO | - Banton, D. -5; Flynn, M. -6; Mykhailiuk, S. -6 |

The number following the player's name is his three-point frequency rating. Please refer to automatic three-point shots found in the super advanced rules.
** Indicates fastbreaking teams. These teams run the fastbreak offense at almost every opportunity

* Indicates teams that run a half-court offense. These teams use the fastbreak only about a third of all possible opportunities. All other teams fastbreak about two-thirds of all possible opportunities. All teams will perform realistically when the suggested offense are used accordingly.

If BAL appears in the Blocked Section of the X Column, assume all missed shots to be blocked

## PLEASE NOTE:

1. When attempting a 3-pt. shot, if the dice roll is listed in 3-pt. replay, follow normal replay rules. Otherwise 3-pt. shooting rules apply.
2. On the players' cards and on the advanced defensive cards the abbreviations O, P, I, F replace outside shot, penetration shot, inside shot and fastbreak shot respectively.
3. That stars replace asterisks under shooting tendency on the players' cards.

## PLAYING SAFE RULE

6: blank
5: $2-4$
$4: 2-5,11$
$3: 2-6,10$
$2: 2-7,10$
$1: 2-9$
$0: 2-12$

When "Playing Safe" all readings of $\mathrm{F}(2)$ should be considered automatic baskets by the offensive player with no foul being committed by the defensive player. In addition, the defender's X-Column defense rating should be downgraded 1 level. The levels are listed in the table at the left:

To illustrate, say a player who is "playing safe" has a check against his "O" X Column. Also say that the reading found in the GOOD section is "26,11 ". Looking at the table above that is level 4. His level gets reduced by one to level 3 . So use " $2-6,10$ " as his X Column GOOD reading instead of "2-5, 11".

IMPORTANT NOTE REGARDING BLOCKS: This rule overrides the BLKD row in the $X$ Column. So in the above case, say the defender has "7$60^{\prime \prime}$ in the O BLKD section of the X Column. In that case 10 is no longer a block, instead it is an X as described above.

## FASTBREAK PASSING RULE FOR PRIMARY LF AND C

| 1: $\quad$ T(LF) |  |
| :--- | :--- |
| 2: | T(C) |
| 3-10: | T |
| 11-20: | Pos Shot - |

All primary Left Forwards and Centers who are rated to play smaller positions will now use the following Fastbreak Passing columns when playing at those smaller positions:

Note: If the player is used at a position he was not rated for then use the original fastbreak passing column found on his card instead.

REPLACEMENT FOUL ASSIGNMENT CHART - Use the chart to the right instead of the one located in the Super-Advanced section of the instruction book. This new chart improves the statistical accuracy of the game

## REPLACEMENT RULE FOR "ADDITIONAL THREE-POINT SHOTS

ALLOWED" CHART - Additional three-point shots are allowed as follows (ignore the chart, found in the Super-Advanced rules in the instruction book): (1) Any time a team trails by ten or more points they may take unlimited three-point shots; (2) In the last ten minutes of the game if a team is trailing by more points than time left (for example, down by six with five minutes to go), they may take unlimited three-point shots, regardless of the score. Note that the term "unlimited" is still governed by the other rules of the game. In other words, a player must ALWAYS be positioned outside in order to take a three-point shot. Also, when using the solitaire rules to determine if a player should penetrate or shoot outside, you should place higher emphasis on these "unlimited" three pointer - the player should be able to shoot a three pointer without rolling to determine if he should penetrate (if the three-point shot is desirable, that is)

> THREE-POINT FOUL SHOT ATTEMPTS - When a three-point shot is attempted and an $X$ occurs on the dice roll, refer to the shooters Outside column to determine if a foul has occurred. Disregard any result other than a foul. If a foul occurs, roll the two white dice again and if a seven occurs the basket is good (possible four-point play). If any other number occurs attempt three free throws.
