OLDTIMER TEAMS

Strat-O-Matic Game Company takes great pride in presenting six oldtimer sets (1920 and 1930 oldtimer set, 1940 oldtimer set, 1950 and 1960 oldtimer set, 1960 Series B oldtimer set, 1900-1919 oldtimer set and 1920 and 1930 Series B oldtimer set) enabling you to manage 42 teams of the past. You need not be familiar with the player personnel of each team as each player's card contains all important statistical information (similar to our present player cards).

20 NAMELESS PLAYERS

Nameless player cards, priced at \$1.25 per set of 20, are nameless cards fully computed and statistically setup. You will, therefore, be in position to create cards for rookies and veterans not included in the "Top 729." This is accomplished by designating a nameless card to be the equivalent in ability to an individual rookie playing a major role in the 1992 pennant race. Nameless player cards are two-sided - set up for both basic and advanced versions. To order nameless players, just fill out coupon #2 found on page 6.

STRAT-O-MATIC HALL OF FAME SERIES

Strat-O-Matic Game Co., Inc. is proud to present our Hall of Fame Series, divided into groups A and B. Twenty all-time great players from each league (Hall of Famers or future Hall of Famers) are included in both fantastic groups.

Each player's card contains complete statistical information on both sides of his card - one side representing his best year and the other side representing his life-time average. The Hall of Fame player cards are set up for basic game play only.

You need not be familiar with the specific data of the Hall of Fame Players as each card contains all important statistical information (similar to our present player cards). Below you will find the rosters for both the American and National League Players that are included in each Hall of Fame group. The Hall of Fame Series is sold as a complete unit only for \$7.50 or \$3.75 for either group A or group B.

GROUP A		GROUP B	
AMERICAN LEAGUE	NATIONAL LEAGUE	AMERICAN LEAGUE	NATIONAL LEAGUE
Cobb, T.	Alexander, G.	Appling, L.	Aaron, H.
Cochrane, M.	Bresnahan, R.	Baker, F.	Anson, C.

Walsh, E.	Wheat, Z.	Simmons, A.	Vance, D.
Williams, T.	Young, C.	Wynn, E.	Vaughan, A.

As all of the above pitchers were primarily starters, you may select or convert any of them into relief pitchers. All pitchers may start once every four games, if so desired. Please note that the player cards of the above-mentioned players have been computed in such a manner that each player will perform very similar to his statistics against opposition of his own era. However, his performance will change accordingly when playing against opposition of other eras. In either situation, he will perform very realistically. To order Hall of Fame Series, just fill out coupon #2 found on page 6.

1962 NEW YORK (N.L.) - With a record of 40-120, many consider this team the worst in baseball history. Finishing last in batting, pitching, and fielding, they trailed San Francisco (pennant winners) by 60 1/2 games. Richie Ashburn's .306 batting average topped the team and Frank Thomas led in homeruns with 34. The beleaguered pitching staff was led by Roger Craig (10-24, 4.51 ERA), Al Jackson (8-20, 4.40 ERA) and Jay Hook (8-19, 4.84 ERA). Losers of their first nine ballgames, they quickly dropped to last place, and were mathematically eliminated from the pennant race August 6th.

For outstanding super-league play, establish a schedule from the above teams and decide who is the finest team from 1900 to 1967 - and perhaps of all time. Or, if you prefer, play them against your modern Strat-O-Matic baseball teams. However you choose to use your "Oldtimers", they will perform realistically and afford you much enjoyment. "The oldtimer cards are one-sided cards, printed in one color -- set up only for basic game play." More than two thirds of the teams are printed on cut stock and less than one third on perforated stock.

All 42 oldtimers with all game parts may be purchased for \$37.25. The six-team sets (1900 to 1919 teams, 1920 and 30 teams or 1940 teams) may be purchased for \$12.95 each and the 8-team sets (1920 and 1930 Series B teams, 1950 and 60 teams or 1960 Series B teams) may be purchased for \$14.65. IF YOU HAVE A STRAT-O-MATIC BASEBALL GAME in your possession, you need only purchase the player cards. The 42 teams (836 players) may be purchased for \$30.00. The 1900 and 1919 teams (116 players), the 1920 and 30 teams (120 players) and the 1940 teams (120 players) may be purchased for \$5.70. The 1920 and 1930 Series B teams (160 players), the 1950 and 60 teams (160 players) and the 1960 Series B teams (160 players) may be purchased for \$7.40. Individual teams from all sets may be purchased for \$1.25 each. To order oldtimer teams, just full out coupon #1 found on page 6.

SPECIAL SET OF 36 PAST SEASON STRAT-O-MATIC TEAMS - PRINTED FULL SIZE

Due to an overwhelming demand, Strat-O-Matic Game Co., Inc. has reprinted in original size, 36 of its most popular baseball teams from the past. Previously this set was printed on card stock that was 60% of their original size. Teams from the 1971 to 1976 seasons are two-sided (set up for basic and advanced game play); whereas teams prior to 1971 are one-sided (set up only for basic game play). The player cards for the teams found below are exactly the same as the one-color originals except that they are printed on perforated stock rather than cut card stock.

All 36 past season teams (720 player cards) with all game parts may be purchased for \$31.25. The 36 past season teams may be purchased without game parts for \$24.00. As this set is sold as a 36-team unit only, individual teams may not be purchased.

STRAT-O-MATIC RE-CREATED PAST SEASONS

If you are interested in baseball history, you will discover that our matchless baseball oldtimer seasons are a joy to play with and also very enlightening. Strat-O-Matic is extremely proud of the statistical preciseness and "nostalgic feel" ingrained in each of our oldtimer sets, particularly our last two oldtimer season efforts, the 1927 and 1959 seasons. Both seasons include the super advanced features. This outstanding effort by the Strat-O-Matic statistical staff provides you with ball park factors, pitcher's hold, individual wild pitches, balks and passed balls, batter's clutch hitting, supplementary stealing and of course all basic and advanced features for this glorious season. In the summer, Strat-O-Matic plans to release its third original super advanced set, the 1941 season, distinguished by Joe DiMaggio and Ted Williams' sensational achievements.

Tremendous energy is exhausted in creating a Strat-O-Matic oldtimer season. Over 1500 man hours are necessary to create an oldtimer basic and advanced version of Strat-O-Matic Baseball and an additional 500 hours is necessary for a super advanced version. Why so many hours? Strat-O-Matic statisticians must go over each and every box score in order to extract all lefty-righty data and other information not contained in the official baseball records. In addition, all issues of The Sporting News are read for that specific year. In this way, we are also able to develop accurate player ratings. Are these "monster" exertions worthwhile for the baseball fan? We think so. If Strat-O-Matic did not construct this data, we would be forced to utilize the same statistical technique that our competitors use - contrived standardization of the necessary needed statistics. For example, all right handed hitters might be assigned statistics 30 points above their averages against lefty pitching and 15 points below their averages against righty pitching. Doubles, triples, homeruns and walks would also be standardized in the same manner. Irregularities would not exist. How good is this system? Totally unrealistic! In the baseball statistical world very few players conform totally to statistical standardization. Virtually every player's statistics would be partially or totally incorrectly represented.

How accurate are Strat-O-Matic lefty-righty statistics? We feel that they are very accurate for our purposes, although not as accurate as current lefty-righty breakdowns. The following comparison between 1962 major league club data and lefty-righty statistics developed by Strat-O-Matic illustrates the accuracy of Strat-O-Matic's statistical efforts. We were able to obtain major league lefty-righty information for certain teams from the 1962 season. It must be noted that the major league team statistics used for comparison purposes were not necessarily 100% correct as they also constructed their statistics by hand. Major league club lefty-righty homerun breakdowns for 46 players compared to Strat-O-Matic statistics found the following comparison: 34 players or 74% were in agreement, 10 players or almost 22% differed by one homerun and only 2 players differed by 2 homeruns. Thus 96% were exactly the same or differed by one homerun. We think that is pretty good. Concerning batting averages, a total of 74 players were compared for their batting averages hit off righty pitchers. 65 players or almost 88% differed by 10 points or less and only one player differed by more than 20 points. We think that also is pretty good.

Incidentally, during our extensive 1927 research efforts, Strat-O-Matic uncovered an original American League statistical source error. St. Louis Browns pitcher, Elam Vangilder was incorrectly credited with 100 more pitching at-bats. A Strat-O-Matic statistician contacted the Hall of Fame for verification of this error. The Hall of Fame acknowledged the original error and revised their files concerning Vangilder's pitching record for the 1927 season.

Strat-O-Matic is introducing the 1975 season, a previously released set that initially contained advanced game play. This "revival" season has been updated to contain ratings and all statistical data necessary for SUPER ADVANCED PLAY.

At Strat-O-Matic, we "burn the midnight oil" to give you the most realistic set of statistics and ratings for our oldtimer seasons. It may cost a few dollars more to purchase one of our prestigious oldtimer sets, but each season is a rare realistic "gem" unequaled in the baseball board game and computer game worlds.

1927 BASEBALL SEASON

Perhaps the most famous of all baseball seasons and the first Strat-O-Matic oldtimer season containing super advanced ratings and rules. New York, acknowledged by many as baseball's greatest team, dominated the American League, winning by a nineteen game margin. The National League race was a thriller with Pittsburgh nosing out St. Louis and New York. Only two games separated these three teams! However, Ruth's 60 homers and the tremendous power, pitching and defense of New York (AL) dominated this season. Many Hall of Famers dotted the rosters including Ty Cobb, Tris Speaker, George Sisler, Walter Johnson, Rogers Hornsby, Grover Cleveland Alexander, the Waner Brothers, Lefty Grove and of course, Ruth and Gehrig. Ten batters averaged over .350 and 7 pitchers won 20 or more games. The 1927 cards are two-sided and printed on perforated stock. The advanced side of each player card is printed in 3 colors and the basic side is printed in one color. **This set of cards is set up for basic, advanced and SUPER ADVANCED PLAY.** All 16 teams (385 players or 20 regular players plus 4 additional players per team) with all game parts may be purchased for \$32.00. The 1927 season, without game parts, may be purchased for \$24.75. As this set is sold as a 16 team unit only, individual teams may not be purchased.

1930 BASEBALL SEASON

Incredible is perhaps the best word to describe the 1930 season. Would you believe that Philadelphia (N.L.) finished in last place despite 8 players batting over .300 including Chuck Klein and Lefty O'Doul hitting .386 and .383 respectively. Why a last place finish for Philadelphia (N.L.)? Perhaps a 6.71 team earned-run average proved their undoing. Would you believe that 98 major league players listed on Strat-O-Matic rosters hit better than .300 and 10 players hit 30 or more homeruns. And most unbelievable of all, the National League had a .303 league batting average. The American League was dominated by powerful Philadelphia and the National League presented a dog fight between half the teams in the league, eventually won by St. Louis. The 1930 season player cards are two-sided and printed on one color perforated stock - **set up for both basic and advanced versions.** Incidentally, Strat-O-Matic has unofficially tabulated homeruns hit off each pitcher -- a first in the world of baseball statistics. Also, you now have the intriguing opportunity to match all-time lefty hitters, Babe Ruth and Lou Gehrig, against the immortal Lefty Grove. Can Ruth and Gehrig pulverize a great lefthanded pitcher? All 16 teams (383 players or 20 regular players plus 63 additional players) with all game parts may be purchased for \$29.50. The 1930 season may be purchased without game parts for \$22.25. As this set is sold as a 16-team set only, individual teams may not be purchased. Just fill out coupon #1 found on page 6.

1941 BASEBALL SEASON

Perhaps the most memorable season of all. The National League sported a two team pennant race won by the Brooklyn team. Two twenty game winners (Kirby Higbe and Whit Wyatt), the league's batting champion, Pete Reiser and homerun leader, Dolph Camilli inspired the Brooklyn club. However, it was the American League season dominated by two all time greats, Ted Williams and Joe DiMaggio, that left a lasting impression upon the baseball world. Williams hit .406, belted 37 homers and walked 145 times. DiMaggio finished third in hitting with a .357 average, first in RBI's, fourth in homeruns and most amazing of all, hit in 56 consecutive games. His consecutive game record may never be broken. The 1941 cards are two-sided and printed on perforated stock. The advanced side of each player card is printed in 3 colors and the basic side is printed in one color. **This set of cards is set up for basic, advanced and SUPER ADVANCED PLAY.** All 16 teams (over 380 players) with all game parts may be purchased for \$32.00. The 1941 season, without game parts, may be purchased for \$24.75. As this set is sold as a 16 team unit only, individual teams may not be purchased. (AVAILABLE-SUMMER 1992)

1950 BASEBALL SEASON

Two marvelous pennant races are featured in this power-packed set. In the National League, Philadelphia defeated Brooklyn on the last day of the season and New York (A.L.) won by a scant six games or less over challenging Detroit, Boston and Cleveland in the American League. In fact, if Ted Williams were not injured for almost half the season, Boston might have won the pennant. Incidentally, the Boston team average of .302 has not been equaled since. A total of 35 major leaguers, including Williams, Joe DiMaggio and Stan Musial, hit .300 or higher. Both leagues broke season homerun records as Ralph Kiner led the majors with 47. Strat-O-Matic has unofficially tabulated homeruns hit off each National League pitcher - a first in the world of baseball statistics. Homeruns off the pitcher were officially recorded in the American League. The 1950 season player cards (389 player cards or 20 regular players plus 4 additional players per team) are two-sided and printed on one color perforated stock - **set up for both basic and advanced versions.** The 1950 season with all game parts may be purchased for \$29.50 and for \$22.25 without game parts. As this set is sold as a 16 team set only, individual teams may not be purchased. Just fill out coupon #1 found on page 6.

1956 BASEBALL SEASON

Strat-O-Matic's first re-created past season, the 1956 season is available for purchase. This great season can easily be described with one word - POWER! Forty players led by Mickey Mantle's 52 homers smashed 20 or more roundtrippers. In fact, the average player hit 16 homeruns per 600 at bats. Cincinnati tied a league team homerun record by walloping 221. Other highlights include an unbelievable National League pennant race (two games separating the top three teams), Mantle's triple crown win and 21 competing Hall of Famers including Mantle, Mays, Williams and Musial. The 1956 season player cards are two-sided and printed on one color perforated stock - **set up for both basic and advanced versions.** All 16 teams (384 players or 20 regular players plus 4 additional players per team) with all game parts may be purchased for \$29.50. The 1956 season may be purchased without game parts for \$22.25. As this set is sold as a 16-team unit only, individual teams may not be purchased. Just fill out coupon #1 found on page 6.

1959 BASEBALL SEASON

Two most unusual pennant races for the 1950 era. The Chicago "go-go" White Sox shocked the baseball world by winning the American League pennant, 5 games ahead of Cleveland and an astonishing 15 games in front of the "invincible" Yankees. With eight games to go, the National League race was a battle down to the wire with only two games separating San Francisco, Los Angeles and Milwaukee. San Francisco actually led at this point but were to fall to third place as Los Angeles defeated Milwaukee in a playoff. As usual, Washington finished last in the American League but had 3 players with 30 or more homeruns. Four players (Eddie Mathews, Ernie Banks, Rocky Colavito and Harmon Killebrew) hit more than 40 homeruns and four pitchers won more than 20 games. Hank Aaron was easily the most dominating hitter in baseball winning the batting crown with .355 and smashing 39 homeruns. The 1959 season player cards are two-sided and printed on perforated stock. The advanced side of each player is printed in 3 colors and the basic side is printed in one color. **This set of cards is set up for basic, advanced and SUPER ADVANCED play.** All 16 teams (387 players or 20 regular players plus 4 additional players per team) with all game parts may be purchased for \$32.00. The 1959 season without game parts may be purchased for \$24.75. As this set is sold as a 16 team unit only, individual teams may not be purchased.

1961 BASEBALL SEASON

The 1961 Baseball Season, Strat-O-Matic's second re-created season features unbelievable power. Roger Maris' 61 homeruns broke Babe Ruth's record with Mickey Mantle not far behind with 54. In fact, 8 players smashed 40 or more homeruns. New York (A.L.) set a team homerun record with 240 in a record breaking homerun hitting season. Twenty Hall of Fame players dotted the rosters including Mantle, Mays, Aaron, Ford and Spahn. The World Series was easily won by New York (A.L.), one of the most powerful teams in the history of baseball. In the National League, Cincinnati outlasted Los Angeles and San Francisco. The 1961 season player cards are **TWO-SIDED CUT CARDS PRINTED IN ONE COLOR - set up for both basic and advanced versions.** All 18 teams (432 players or 20 regular players plus 4 additional players per team) with all game parts, may be purchased for \$29.50. The 1961 season may be purchased without game parts for \$22.25. As this set is sold as an 18-team unit only, individual teams may not be purchased. Just fill out coupon #1 found on page 6.
