PROPOSED NEW STEALING SYSTEM
NOW AVAILABLE 1956 SEASON

Dear Baseball Fan,
Strat-O-Matic Game Company takes great pride in presenting the ultimate in baseball games — the 1981-82 edition of Strat-O-Matic Baseball — at greatly reduced prices for you, our regular customers. However, this offer is good only until the opening day of Baseball season (April 10th).

Strat-O-Matic is extremely proud of its first complete season re-creation, the 1956 season. A tremendous feat was accomplished in regards to the lefty-righty statistics of the advanced game. We are confident that all baseball fans will enjoy immensely the realistic play of this season, basic or advanced style.

Due to popular demand, Strat-O-Matic's advanced game hitting and pitching patterns have been revised to conform to our pre 1980 season card makeup.

A total of 520 players, the twenty most representative players from each team, are included in the 1981-82 edition. Each player's card is based on the final official 1981 baseball averages. In addition to the top 520 players, we are releasing for our most avid baseball fans 104 additional players or 4 players per team from the 1981 season. By adding these players to the rosters of the top 520 players, you can have 24 players per team. It must be noted that several of the additional player cards are based on insufficient 1981 statistical data. The 104 additional players may be purchased as a separate unit only for the special price of \$3.45. Individual players will not be sold from this unit. Also available are our 20 nameless cards priced at 85¢ per set.

Each order shall receive instructions and ratings for a proposed new steal rating system. Our standard stealing system remains intact. The new system is a supplementary optional system that may be used in place of our present stealing system. In regards to opinions concerning this proposed change, please send all correspondence to the Strat-O-Matic Review. If the system is overwhelmingly approved, its features shall be permanently incorporated in a future player card edition.

NEW FEATURES INCLUDING CLUTCH HITTING AND BALL PARK EFFECT HAVE BEEN ADDED

Dear Baseball Fan,

Strat-O-Matic Game Company takes great pride in presenting the ultimate in baseball games - the 1985-86 edition of Strat-O-Matic Baseball - at greatly reduced prices for you, our regular customers. However, this offer is good only until the opening day of Baseball season (April 10, 1986).

Strat-O-Matic has added four significant changes to our player card format. Foremost, clutch hitting and ball park factors have been included on an optional basis to our advanced game. Both features are simple, fun to play and add more realism to our great product. For both basic and advanced versions, pitcher's batting ability will be represented by 8 pitchers' hitting cards rather than the previous standard of four cards. Also, an injury reading will not occur for players who participated in all their team's games. The 1985-86 player card set is compatible and thus playable with all previous sets released in the last 23 years. If you purchase a 1985-86 player card set, you will receive free of charge a set of 8 pitchers' hitting cards and clutch hitting and ball park effect instructions.

Due to the overwhelming success of our first five re-created seasons (1930, 1956, 1961, 1969 and 1970), Strat-O-Matic is releasing the 1950 season. The 1950 season is setup for basic and advanced play. All advanced game features with the exception of our supplementary stealing system, clutch hitting, ball park effect, expanded pitchers' hitting cards and injury readings are included.

A total of 520 players, the twenty most representative players from each team, are included in the 1985-86 edition. Each player's card is based on the final official 1985 baseball averages. In addition to the top 520 players we are releasing for our most avid baseball fans a minimum of 4 additional players per team from the 1985 season. Some teams may receive as many as 7 additional players as Strat-O-Matic has reproduced every major league player who has either batted more than 100 times or pitched 60 or more innings. However, a batter or pitcher need not meet these requirements to be included. Over 135 players are contained in this additional player card set. It must be noted that several of the additional player cards are based on insufficient 1985 statistical data. The additional players may be purchased as a separate unit only for the special price of \$4.50. Individual players will not be sold from this unit. Also available are our 20 nameless cards priced at \$1.00 per set.

Each order shall receive instructions and ratings for our new steal rating system. Our standard stealing system remains intact. The new system is a supplementary optional system that may be used in place of our present stealing system.
